### 19.4 To receive an update on the Memorial Hall car park

**Car park update:**
MCC is currently waiting on Scheduled Ancient Monument Consent (SAMC) from CADW. Without this they are unable to commence any construction work in the car park due to the location being above the Roman fortress.

In order for CADW to grant this SAMC they require a full report of findings from the ground investigation works recently completed in the car park. The report has been submitted to CADW for approval (this can take up to 13 weeks, however CADW is looking to reduce this timeframe dramatically due to their involvement on site).

It is hoped approval will be given towards the end of January 2022, following which, MCC will utilize their in-house operations team to commence work on site in February 2022 (exact date to be agreed once SAMC received). CADW has stipulated a full archaeological watching brief is required for the construction work on site. UTC is informed this watching brief will come with a stop caveat if any artifacts are uncovered, which is a risk to time and cost on this scheme.

There was some discussion regarding MCC apparent agreement to complete the resurfacing of the car park by the end of this financial year.

**Resolved:** Clerk to retrieve emails/correspondence from MCC as to what agreement was reached.

Courtroom Sessions House
The matter was raised of the courtroom, having been painted for the recent filming of Sanditon, not being restored to its original colour, as was originally agreed. The filming company offered to repair and paint the outside doors instead of repainting the courtroom. The Clerk agreed at the time, as the doors were in a poor decorative state and in need of urgent attention and considered this would be a better use of resources. It was thought that the courtroom could then be painted at a later date as the courtroom was in good decorative order. It was recommended a quotation be sort for the cost of repainting the courtroom.

There was no further business and the meeting closed at 7.20pm
